DETAILED ACTION

Quayle Action

This application is in condition for allowance except for the following formal matters:

Abstract

The abstract of the disclosure is objected to because: In lines 1-2, "is disclosed. The fireplace comprises of" must be changed to "comprises." In line 7, "control" must be changed to "controls." Correction is required. See MPEP § 608.01(b).

Drawings

The drawings are objected to because of the following informalities:

Fig. 1: Numerals must be added to identify the structure by reference numeral.

Fig. 4 and 5: Each subfigure must be assigned a separate figure label (e.g., Fig. 4A, Fig. 5A).

Fig. 5: Because the fiber optic cable is assigned numeral 16, the individual fibers must be assigned a different numeral other than 16.

Figs. 2-5: Currently, all figures' lead lines contain arrowheads. However, arrowheads should be used sparingly to indicate generality and not for each structural element. Accordingly, arrowheads must be deleted unless to indicate generality.

NOTE: Applicant is reminded to amend the specification accordingly in conjunction with the drawing changes.

Art Unit: 3742

Claim Objections

Claims 1-6 are objected to because of the following informalities:

In both claims, the term "a set of light source" must be changed to "a set of light sources." Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
